## Enabling Growth for Teams & Institutions

The ACEA makes continuing education (CE/CME) more enjoyable and effective for today's busy workforce through straightforward, cutting-edge tools to easily comply with requirements and better engage in learning.

### Our Specialized Focus on Continuing Education

Our focus is on serving the unique needs of institutions like yours to easily track and manage continuing education for your group of learners.

By leveraging the powerful technology behind the ACEA's platform:

- **Teams** have a centralized and curated experience with all of their continuing education in one place. They shift administrative time to more high-impact projects for your team to achieve better outcomes.
- **Managers** receive actionable reporting, better engage teams in learning, and improve operational efficiencies to support rapid growth.

### An Unparalleled Strategic Approach

The ACEA has taken a unique approach to leverage every user touchpoint to support growth for our partners. Let your team's learning improve your organization's results through our white-glove service and automation.

Teams leverage the ACEA's platform for their members to manage CE in one place and get content recommended by you. This means your team can engage in learning related to your organization's desired outcomes and ensure all compliance requirements are completed smoothly every time with no added oversight.

Since launching our platform in 2012, our community has grown to tens of thousands of organizations and credentialed professionals taking advantage of these resources.

### Our Community

"I've been using the CE App and, since my new employer still used spreadsheets, I had to get them on board. I know this system is **significantly better than anything else out there** and specialized to our needs"

-Emily M. *Credentialed Professional and Manager at an S&P 500 Enterprise*
